

# North American Industry Classification System (NAICS)

## January 2002

NAICS (pronounced "nakes") is the new North American Industry Classification System. It replaces the old Standard Industrial Classification (SIC) system, provides a better way to categorize individual businesses and is widely used by government and business. Originally introduced in 1997, NAICS has been revised with changes in effect beginning January 2002.

To select the correct NAICS for your business, find your sector (major category) below and then locate the correct product or service within that sector on the pages that follow. Sectors highlighted in light blue have been revised since the 1997 NAICS release.
